MICHLIN METALS INC.

CAPABILITY STATEMENT

FULL-SERVICE METALS DISTRIBUTOR • EST. 1984

WOMAN OWNED SMALL BUSINESS | AS9100D | ISO 9001:2015 | DFARS COMPLIANT | CAGE 6Y5Y2

COMPANY OVERVIEW

Founded in 1984, Michlin Metals is a certified Woman-Owned Small Business and AS9100D / ISO 9001:2015 metals distributor specializing in hard-to-find materials. We simplify sourcing by consolidating multiple supply chain needs into a single purchase order.

CORE COMPETENCIES

- Specializing in Stainless, Specialty Steel, Aircraft Alloys, Carbon Steel, Aluminum, Aermet 100, Monel, Hastelloy, Waspaloy, Inconel & Titanium
- Additional custom services include heat treating, turning, polishing, centerless grinding, cut to length, drawn to size and drilling
- Material traceability and DFARS-compliant material available
- A Certificate of Conformance is supplied with every shipment
- Supply chain consolidation — one purchase order replaces many vendors, approvals and processing steps

DIFFERENTIATORS

- **Over 40 years serving the metals industry** — in business since 1984
- Resourceful and adept at problem solving on difficult and time-critical requirements
- Management team has over 75 years collective experience
- Consistent product quality and customer satisfaction
- Has maintained long-term relationships with top customers
- Extensive product knowledge enables us to work closely with our customers to supply their most challenging material requirements

PRODUCTS & PROCESSING

Bar, plate, sheet, tube and forgings in stainless, nickel and cobalt alloys, tool steel, carbon and alloy steel, aluminum and titanium — supported by coordinated heat treating, precision grinding, sawing, turning and honing to customer print, from single pieces to full mill runs.

PAST PERFORMANCE

United States Navy • Boeing • SpaceX • NASA

Federal Aviation Administration • RTX (United Technologies)

• Sikorsky
